

Guide your customers with safety, directional shopping solutions

KDM's Retail Directional Shopping Solutions can help guide your customers with one-way signage to provide safer shopping. Floor graphics create a healthy, natural directional flow up and down the shopping aisles to promote social distancing.

We will work with you to help create the best path throughout your retail shopping experience that will uphold CDC guidelines and be customized to your needs.

Utilize floor graphics to help prevent customers coming into close contact.

High traffic locations:

- Checkout lanes
